For order values of less than €100,-, we invoice a €20,- handling cost.

This pricelist is applicable to all deliveries as of January 1, 2024. As of this date, all previous pricelists will become void.

Prices marked with „net“ are net prices and not discountable.

All prices are mentioned ex work, packing excluded, VAT not included.

Subject to modifications. Our sales terms and conditions meet the latest version of the “General Terms and Conditions of Delivery and Sale for Products and Services of the Electrical Industry” **products.schmersal.com**, including the addendum “Extended reservation clause” and the software clause for the transfer of standard software as part of the delivery upon request.

Caution: Our range is not destined to private users, i.e. within the meaning of the European Directives (in Germany within the meaning of the Product and Equipment Safety Act) or other national legislations, our products are not consumer products. The components must be fitted and put into service by staff members with sufficient elementary electrotechnical knowledge or accordingly trained and qualified staff members.

Due to the volatility of some material costs, we reserve the right to levy a material cost surcharge during the year for some selected products. In this case, the material cost surcharge will be shown in the respective offers or order confirmations.

Subject to modifications and errors.

THE SCHMERSAL GROUP PROTECTION FOR MAN AND MACHINE

In the demanding field of machine safety, the owner-managed Schmersal Group is one of the international market leaders. The company, which was founded in 1945, has a workforce of about 2,000 people and seven manufacturing sites on three continents along with its own companies and sales partners in more than 60 nations.

Customers of the Schmersal Group include “Global Players” in mechanical engineering and plant manufacturing and operators of machinery. They benefit from the company’s extensive expertise as a provider of systems and solutions for machine safety. In addition, Schmersal specialises in various areas including intralogistics, foodstuff production, the packaging industry, machine tool industry, lift switchgear, heavy industry and the automotive industry.

A major contribution to the systems and solutions offered by the Schmersal Group is made by tec.nicum with its comprehensive range of services: Certified Functional Safety Engineers advise machinery manufacturers and machinery operators in all aspects relating to machinery and occupational safety – and do so with product and manufacturer neutrality. Furthermore, they design and realise complex solutions for safety around the world in close collaboration with the clients.
